

# A & AA Team Formation Policy

The Charleswood Minor Baseball Association (CMBA) hosts teams in both “A” Leagues and “AA” Leagues in Mosquito, PeeWee, Bantam, and Midget age groups. This optimizes player safety and affords each player the greatest opportunity for fun, further skill development and success at practices and during games.

**“A” Leagues:** The primary focus of the “A” Leagues is fun, skill development and participation. “A” League players often have a practice and two games per week.

**“AA” Leagues:** The primary focus of the “AA” Leagues is skill development for stronger players in a more competitive environment, although fair play rules still apply. “AA” League players usually have one or two practices and two league games per week. Most “AA” teams also participate in several weekend tournaments during the season.

**“AAA” Leagues:** Players of PeeWee age or older may try out for elite regional “AAA” teams hosted by Winnipeg South Minor Baseball Association (WSMBA). This is the highest level of league competition available in Manitoba. Any CMBA-resident player trying out for an “AAA” team must first register with Charleswood Baseball, and must provide proof of that registration to be able to participate in “AAA” tryouts. If a player registered with CMBA does not make the WSMBA “AAA” team, they will play for their age-appropriate CMBA team, unless granted a transfer in accordance with the CMBA Transfer Policy, or the WSMBA “AAA” Transfer Policy.

## Eligibility Criteria for Age-Division Convenors

The volunteer Convenors of the different age divisions should not have a child playing baseball at the level for which they are the convenor. Convenors should have both significant baseball experience, and organizational and problem-solving skills.

## Eligibility for “AA” Teams

To be considered for “AA” teams, a player must:

- register before the beginning of pre-season evaluations.
- attend all pre-season evaluation sessions. If a player does not attend the pre-season evaluation sessions, they will be placed on an “A” team.
- commit to attending all weekly practices and all games throughout the entire baseball season, which may continue through the third weekend in July.
- be in the correct age group (a Baseball Manitoba rules states that under-aged players are NOT eligible to play in the “AA” Leagues).
- compete on par with other “AA” players in critical areas of hitting, running, throwing and catching.

## Pre-Season Evaluation

In order to form teams at both “A” and “AA” levels, CMBA hosts pre-season evaluations to determine each player’s ability level. Volunteer Age-Division Convenors organize and oversee the pre-season assessment sessions. The actual skill assessing of the players is done by volunteers who have significant baseball experience and do not have children playing in that age group. Teams will be assembled by the Convenor for each age group, in consultation with the CMBA President, and then coaches will be selected once the team formation process has been completed.

## Team Formation

The CMBA Board reserves the right to limit team size in order to provide the best experience for all players. CMBA also reserves the right to determine whether the team will be registered in the “A” or “AA” Leagues, after considering the overall caliber of the team as a whole. For example, if there is only one team in an age group, the Convenor and the CMBA Board will determine whether that team will play as an “A” team or an “AA” team.
